

WEST VIRGINIA SECRETARY OF STATE

MAC WARNER

ADMINISTRATIVE LAW DIVISION

eFILED

1/11/2019 1:07 PM

Office of West Virginia
Secretary Of State

**NOTICE OF FINAL FILING AND ADOPTION OF A LEGISLATIVE EXEMPT, INTERPRETIVE OR PROCEDURAL
RULE**

AGENCY: Education

TITLE-SERIES: 126-044M

RULE TYPE: Legislative
Exempt

Amendment to Existing Rule: Yes

Repeal of existing rule: No

RULE NAME: West Virginia College- and Career-Readiness
Programs of Study/Standards for Career Technical
Education (Policy 2520.13)

CITE STATUTORY AUTHORITY: W. Va. Code §§29A-3B-1, et seq.; W. Va. Board of Education v. Hechler,
180 W. Va. 451, 376 S.E.2d 839 (1988); and, W. Va. Bd. of Educ. V. Bd. of
Educ., 239 W. Va. 705, 806 S.E. 2d 136 (2017)

This rule is filed with the Secretary of State. This rule becomes effective on the following date:

July 1, 2019

BY CHOOSING 'YES', I ATTEST THAT THE PREVIOUS STATEMENT IS TRUE AND CORRECT.

Yes

**William C Burch -- By my signature, I certify that I am the person authorized to file
legislative rules, in accordance with West Virginia Code §29A-3-11 and §39A-3-2.**

126CSR44M

**TITLE 126
LEGISLATIVE RULE
BOARD OF EDUCATION**

**SERIES 44M
WEST VIRGINIA COLLEGE- AND CAREER-READINESS PROGRAMS OF STUDY/STANDARDS
FOR CAREER TECHNICAL EDUCATION (2520.13)**

§126-44M-1. General.

1.1. Scope. -- W. Va. 126CSR42, Policy 2510, Assuring the Quality of Education: Regulations for Education Programs (Policy 2510), provides a definition of a delivery system for, and an assessment and accountability system for a thorough and efficient education for West Virginia public school students. W. Va. 126CSR44M, Policy 2520.13, West Virginia College- and Career-Readiness Programs of Study/Standards for Career Technical Education (Policy 2520.13), defines the college- and career-readiness programs of study/standards for career technical education (CTE) as required by Policy 2510.

1.2. Authority. -- W. Va. Constitution, Article XII, §2, W. Va. Code §§18-2-5, 18-6-1 et seq., and 18-9A-22.

1.3. Filing Date. -- January 11, 2019.

1.4. Effective Date. -- July 1, 2019.

1.5. Repeal of Former Rule. -- This rule repeals and replaces W. Va. 126CSR44M, Policy 2520.13, College- and Career-Readiness Programs of Study/Standards for Career Technical Education, filed October 12, 2017, and effective July 1, 2018, and repeals W. Va. 126CSR45B, Policy 2530.02, Parenting Education Curriculum, filed August 28, 1990, and effective October 10, 1990, and W. Va. 126CSR83, Policy 4310, Policy Regarding Eye, Face, or Body Shield Safety Devices, filed September 10, 1974, and effective November 9, 1974.

§126-44M-2. Purpose.

2.1. This policy defines the West Virginia college- and career-readiness programs of study/content standards for the programs of study required by Policy 2510. Standards were revised to: 1) add an Advanced Career Education (ACE) section; 2) remove student credential/certifications of each program of study and insert them into an electronic guidance document; 3) add and revise programs of study and clarify required courses for each program of study; 4) add and clarify definitions and acronyms; and 5) incorporate a portion of W. Va. 126CSR57, Policy 2420, Guidelines for Compliance with Adult Education Programs and Computation for Adults Enrolled Under the School Aid Formula, Adults in Net Enrollment, and the entirety of W. Va. 126CSR83, Policy 4310, Policy Regarding Eye, Face, or Body Shield Safety Devices.

§126-44M-3. Incorporation by Reference.

3.1. A copy of the West Virginia College- and Career-Readiness Programs of Study/Standards for CTE is attached and incorporated by reference into this policy. Copies of Policy 2520.13 may be obtained from

the Office of the Secretary of State and from the West Virginia Department of Education's (WVDE) Division of Technical Education and Governor's Economic Initiatives.

§126-44M-4. Summary of the West Virginia College- and Career-Readiness Programs of Study/Content Standards for CTE.

4.1. The West Virginia Board of Education (WVBE) has the responsibility for establishing high-quality standards pertaining to all educational programs (W. Va. Code §18-2E-1). The West Virginia college- and career-readiness programs of study/content skill sets (CSS) provide a focus for teachers to teach and students to learn those skills and competencies essential for future success in the workplace and further education. The document includes Career Ready Practices; West Virginia college- and career-readiness programs of study/content standards by Career Cluster and Pathway; Simulated Workplace protocols; ACE programs of study; standards for participation in a co-curricular career technical student organization (CTSO); changes to student performance measures; definitions and acronyms; WVEIS prefixes for each cluster; and an introduction detailing the developmental processes for the West Virginia college- and career-readiness programs of study/standards as found on the WVDE's CTE website.

§126-44M-5. Severability.

5.1. If any provision of this policy or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this policy.

Introduction

West Virginia College- and Career-Readiness Programs of Study/Standards for CTE have been developed with the goal of preparing students for a wide range of high-quality-postsecondary-opportunities within a Simulated Workplace environment. Specifically, college- and career-readiness refers to the knowledge, skills and dispositions needed to be successful in obtaining an entry-level job and continued training in a specific craft and/or higher education that all lead to gainful employment. The West Virginia College- and Career-Readiness Programs of Study/Standards for CTE establish a set of knowledge and skills that all individuals need to transition into the workplace or higher education, as both realms share many expectations. All students throughout their educational experience should develop a full understanding of the career opportunities available and the education necessary to be successful in their chosen pathway and a plan to attain their goals.

West Virginia College- and Career-Readiness Programs of Study/Standards for CTE are organized around two major components of a standards based curriculum: knowledge objectives and performance objectives. The knowledge objectives are broad based descriptions of what all students must know and the performance objectives specify what the students will be able to do at the conclusion of the instructional sequence. Students will develop problem solving and critical thinking skills independently and collaboratively as they engage in these two major components. College- and Career-Readiness Programs of Study/Standards are supported in all CTE pathways, allowing students to acquire and further develop their abilities to be critical thinkers and problem solvers as they continue their educational journey.

Committees of educators and representatives from business and industry from across West Virginia were convened to revise the specific CSS standards and objectives for each CTE program of study. The overarching goal was to build a rigorous, dynamic and challenging CTE standards that would prepare students for the 21st century. The committees focused their efforts in shaping the CSS standards to align with industry standards, industry-recognized certifications, research and best practice in the field of CTE. The contribution of these professionals was critical in creating CSS standards that further define the College- and Career-Readiness Programs of Study/Standards and are meaningful to classroom teachers.

Policy 2520.13 is organized around 12 Career Ready Practices that educators should seek to develop in all students; the College- and Career-Readiness Programs of Study/Standards are organized around the 16 National Career Clusters and supporting Career Pathways.

The use of the College- and Career-Readiness Programs of Study/Standards will assure the delivery of a rigorous and relevant CTE standards to all West Virginia students within a Simulated Workplace environment. These elements, when used to guide the instructional process and when delivered with the creativity and instructional expertise of West Virginia teachers, will become a powerful resource for preparing students to meet the challenges of the 21st century.

CTE – Alpha Listing of State-Approved Programs of Study, Clusters and Pathways

Program of Study	POS #	Cluster	Pathway
Accounting and Finance	FI1410	Finance	Business Financial Management

Explanation of Terms

Advanced Career Education (ACE) is a 13th year initiative that has been established to assist high school graduates in achieving advanced certifications and licenses, while earning potential college credits towards an associates of applied science degree.

Advisory Councils are required by the Carl D. Perkins Act and are charged with advising the WVDE and state-approved CTE programs of study on the development, administration, and evaluation of policies and standards relating to CTE. The Advisory Council is comprised of high-level contacts and volunteers from business and industry, labor, postsecondary education, the nonprofit sector and students. Advisory Council meetings are required to take place a minimum of two times during the school year with agenda and minutes documentation.

Approved CTE Standards List identifies the state-approved programs of study for individual schools as required by the Carl D. Perkins Act.

Career Technical Education (CTE) Schools must provide students with access to programs in a minimum of five of the 16 approved WV Career Clusters.

Career Technical Standards are a set of rigorous, high-quality standards that define what students should know and be able to do after completing instruction in a related CTE program.

Career Ready Practices describe the career ready skills that educators should seek to develop in all students. These practices are not exclusive to a Career pathway, CTE program, or course. Career ready practices should be taught and reinforced in all career exploration and preparation programs with increasingly higher levels of complexity and expectation as a student advances through a program of study.

Career Clusters are broad groupings of related careers as defined by the United States Department of Education (ED) and United States Department of Labor – Occupational Classification.

Career Integrated Experiential Learning (CIEL) is a personalized CTE program of study developed to meet student needs by providing them marketable job skills and opportunities to test for multiple nationally recognized certifications.

Career Pathways are subcategories of closely related careers under each of the 16 Career Clusters.

Career Technical Student Organizations (CTSO) are CTE organizations primarily based in high schools, comprehensive high schools and career technical centers. CTSOs are integrated into programs of study as co-curricular activities and designated as nonprofit organizations. CTSOs are authorized by the U.S. Congress in the Carl D. Perkins Career Technical Education Act.

Certification is a designation earned by a person to assure qualification to perform a particular job or task and is approved by a recognized credentialing agency.

Civil Rights Pursuant to the Guidelines for Eliminating Discrimination and Denial of Services on the Basis of Race, Color, National Origin, Sex, and Handicap in Vocational Education Programs (34 CFR. Part 100,

Appendix B) (Guidelines), state CTE agencies (formerly referred to as vocational education agencies) are required to conduct civil rights compliance reviews of selected sub recipients, and to report these compliance activities periodically to the Office for Civil Rights (OCR), U.S. Department of Education. OCR's September 1996 *Memorandum of Procedures*, developed in partnership with state CTE agencies, requires state agencies to conduct on-site compliance reviews of 2.5% of their sub recipients each year, and to report to OCR biennially. In a December 1998 *Dear Colleague* letter to all MOA Coordinators, which was also developed in partnership with state CTE agencies, OCR provided additional instructions to state agencies about the format and content of the biennial reports.

Content Skill Sets (CSS) are the culminating collection of specific technical skills students should be able to accomplish after completing instruction from a state-approved CTE program of study, to include the particular category of craft knowledge, abilities and experience required to perform the necessary tasks within a specific profession.

CTE (Participant) is a student who takes a minimum of one state-approved CTE required, elective, or foundation course in a CTE program of study.

CTE Completer is a student who completes the four state-approved sequence of courses and participates in a state-approved technical assessment within a specific CTE program of study.

CTE Completer (Dual) is a student who completes the four required state-approved sequence of courses within more than one CTE program of study and participates in a state-approved technical assessment.

CTE Completer (State Certified) is a student who completes the four state-approved sequence of courses with a "C" or higher and meets the industry benchmark on the state-approved technical assessment.

CTE Elective Courses are state-approved courses which provide enhanced opportunities to build upon the required four core courses and functions to meet student needs, interests, abilities, and goals. CTE Electives also respond to actual or anticipated opportunities for employment, advanced education, and practical life application.

CTE Portfolio a collection of personal documents, showcasing an individual's learning experiences, goals, and achievements. Student portfolios are created and controlled by the student, facilitated by the instructor and evaluated by outside entities.

CTE Program Categories:

- Local CTE Concentration is a locally approved sequence of four CTE courses.
- State-approved CTE program of study is an approved sequence of a minimum of four CTE courses which align to a CTE cluster and pathway, impacts state economic labor market needs as verified by Workforce data and leads to an industry-recognized credential or certificate or opportunity for continuing into postsecondary education.

CTE School Types

- CTE in High School is a high school offering four or less career clusters.
- Comprehensive High School is a high school offering five or more career clusters.
- County Career Center is a career center that services students from the county in which it is located.

- Multi-County Career Center is a career center that service students from multiple counties.
- CTE in Specialized Facilities is a state-approved facility, (i.e., West Virginia School for the Deaf and Blind) offering students CTE opportunities.

Earn a Degree-Graduate Early (EDGE) provides students the opportunity to earn community and technical college credit, free-of-charge, for the duplicated secondary and postsecondary courses that are identified during a standards alignment process, i.e., Welding 1 (secondary CTE) earns credit for Welding 1 taught at a community and technical college.

Federal Perkins Accountability Measures are the outlined provisions within the Carl D. Perkins Career Technical Education Act. These provisions are the state-approved levels of performance, which incorporate: 1) Academic attainment on state-approved assessment; 2) Technical skill attainment; 3) Program of study completion; 4) Graduation rate; 5) Job placement, Continuing Education or Military; 6) Non-traditional participation; and 7) Non-traditional completion.

Foundational CTE Course is a non-occupational CTE course offering approved by the WVDE.

Individual Work Ready Competencies (IWRC) is a state-approved CTE career pathway which provides students who have a disability and a current Individualized Education Program (IEP) the opportunity to gain valuable work readiness and occupational skills. Students must have originally been enrolled in a typical state-approved CTE program of study, where it was determined through classroom assessment measures conducted by CTE staff that the student was not on track to master ALL skill sets associated with the four state-approved sequence of courses.

Internship is an experience that allows students the opportunity to merge and apply the knowledge from their CTE coursework into a meaningful and relevant on-the-job experience. The internship should immerse the student into a learning atmosphere outside of the regular school environment. The outside environment must be agreed upon by the county, school, teacher, student and parent/guardian. An outline of goals and outcomes to be achieved by the student should be developed and signed off on by the teacher, student and parent/guardian. The goals and outcomes must align directly to the CTE standards skill sets and be able to illustrate how they assist the student in furthering his/her education and/or entering the workforce. Through working with an adult mentor at the worksite, students should have the opportunity to develop a foundation of general workplace skills and to acquire information and skills in their chosen career program of study. Students will develop materials to supplement their CTE portfolios.

Personal Protective Equipment (PPE) appropriate industrial quality eyes, face, head, and extremities, protective clothing, respiratory devices, and protective shields and barriers, shall be provided, used, and maintained in a sanitary and reliable condition wherever it is necessary by reason of hazards of processes or environment, chemical hazards, radiological hazards, or mechanical irritants encountered in a manner capable of causing injury or impairment in the function of any part of the body through absorption, inhalation or physical contact, shall be required to be worn by every student, instructor or other persons in educational programs, laboratory or shops operated in the public schools of West Virginia when the instructional or observational activities are such that students, instructors or other persons are exposed to:

- a. flying particles, molten metal, liquid chemicals, acids or caustic liquids, chemical gases or vapors, or potentially injurious light radiation;
- b. air contaminated with harmful dusts, fogs, fumes, mists, gases, smokes, sprays, or vapors, the

- primary objective shall be to prevent atmospheric contamination;
- c. powered milling, sawing, turning, shaping, cutting, sanding, grinding or stamping of any solid materials;
- d. hazards such as those from skin absorption of harmful substances; severe cuts or lacerations; severe abrasions; punctures; chemical burns; thermal burns; and harmful temperature extremes;
- e. foot injuries due to falling or rolling objects, or objects piercing the sole, or when the use of protective footwear will protect the affected employee from an electrical hazard, such as a static-discharge or electric-shock hazard, that remains after the employer takes other necessary protective measures;
- f. potential for injury to the head from falling objects, a protective helmet must be worn;
- g. heat treatment, tempering or kiln firing of any metal or other materials;
- h. gas or electric arc welding or other forms of welding processes and injurious radiations or other hazards not enumerated; and
- i. caustic or explosive materials and hot liquids or solids.

Safety Assessment is a program instructor developed and administered general and equipment specific safety exam. The general safety exam covers generalities across the spectrum for each program and is a written exam. The equipment specific exam has both a written and performance component for each piece of equipment to which the student has access. EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.

Simulated Workplace is an instructional strategy that creates high-quality business and industry learning environments, providing students opportunities to earn industrial state and national certifications.

Supervised Agricultural Experience Program (SAE) is a unique aspect of agricultural education, providing students with the opportunity to apply knowledge and skills gained in the classroom to real-life work experiences outside of classroom time in the areas of Exploratory, Research, Work Placement and Entrepreneurship. Every student enrolled in an agriculture program of study is required to develop an SAE and to complete the program of study, the student must implement an SAE and keep online financial records of all transactions using the Agricultural Experience Tracker (AET) system. To supervise the student SAE process, WV Agricultural Education teachers have extended teaching contracts (240 days preferably) so they are able to visit students after school and during the summer months.

Technical Assessment is a measure of student attainment of career-related technical skills.

West Virginia Department of Agriculture Endorsement is a certification given to all Agriculture, Food and Natural Resources programs of study completers finishing Introduction to Agriculture, a core content and a specialization course, and two years of a Supervised Agricultural Experience Program (SAE) within a specific agricultural program of study.

Work-Based Integration and Transition is a course designed to give students the opportunity to integrate theory and practice by interacting with industry professionals. Students will study various requirements for employability including ethics, communication, teamwork and professionalism. Students will participate in hands-on, digital or work-based experiences related to industry settings in order to practice skill sets and to transition from student to employee. A supervised project will be developed in one or more of the following categories: Entrepreneurship (ownership or operation of a business); Placement (employment or internship); Research and Experimentation (planning and/or conducting a scientific experiment); Exploration (exploration of related careers through activities such as shadowing employees

in various work settings, conducting online research, attending professional development learning activities, etc.). Students will develop materials to supplement their CTE portfolios.

Virtual Program is a E-Learning/Distance Learning course available to assure consistent, high-quality education for the students of West Virginia through courses delivered via technology that promotes efficacy and equity in course offerings and provide options for implementation across the public school system. These programs help bridge the barriers of time, distance and inequities for all West Virginia students by providing access to resources that are either not offered in the local schools, or where scheduling conflicts will allow completion of a required course virtually.

Simulated Workplace – Student empowered education

All state-approved CTE programs require a classroom shift to a workplace environment for students enrolled in the 3rd and 4th required program courses that implement the following protocols:

- Student Led Companies,
- Application/Interview Structure,
- Formal Attendance System,
- Drug Free Work Zone,
- 6S Environments,
- Safe Work Areas,
- Work Place Teams,
- Project-Based Learning/Student Engagement,
- Company Name and Handbook,
- Company Meetings,
- Onsite Business Reviews, and
- Accountability (data review, report, and technical assessments).

Governor's Workforce Credential

A credential awarded by West Virginia's Governor to CTE completers who achieve a rigorous set of standards within their state-approved CTE program of study and demonstrate exemplary performance within the emerging workforce.

Graduating seniors must successfully meet the established criteria as referenced in the Guidance Document of Policy 2520.13

College- and Career-Readiness Programs of Study/Standards

The Career Technical Standards includes a set of broad standards for each of the 16 Career Clusters and their corresponding Career Pathways that define what students should know and be able to do after completing instruction in a CTE program of study. All of the West Virginia, state-approved CTE programs fall under one of the 16 Career Pathways. Guidelines to assist teachers in designing instruction that leads to student proficiency in the technical core areas can be accessed on the WVDE's CTE website.

Accountability Measures

The means to assess the effectiveness of the state, district, school and program of study in achieving progress on Perkins performance indicators in CTE, and to optimize the return of investment in CTE activities.

- Portfolio
 - A collection of personal documents, which showcase an individual's learning experiences, goals and achievements
- Technical Assessments
 - Evaluation of technical skill attainment through ~~benchmarks and~~ audits as they align to industry recognized standards
- Industry Recognized Credentials/Certifications
 - Those certifications, licenses or certificates that industry groups recognize as being valuable within the industry and illustrate an individual's understanding and/or mastery of subject knowledge
- Positive Job Placement
 - CTE completers who secure a job, continue their education or join the military

Safety Testing Requirement

Every student must pass all safety exams with a score of 100% before having access to available equipment.

Safety Environment Requirement

Equipment and devices shall meet or exceed the minimum requirements under Section 6 of the Occupational Safety and Health Standards Act of 1970, specifically Subpart I of 29-CFR1910 and the appropriate standards published by the American National Standards Institute, the National Fire Prevention Association and the National Institute for Occupational Safety and Health. The selection, maintenance and use of this equipment shall be governed as incorporated under Section 6 of the Act (OSHA).

Animal Systems Career Pathway Standards

1. Analyze historic and current trends impacting the animal systems industry.
2. Utilize best-practice protocols based upon animal behaviors for animal husbandry and welfare.
3. Design and provide proper animal nutrition to achieve desired outcomes for performance, development, reproduction and/or economic production.
4. Apply principles of animal reproduction to achieve desired outcomes for performance, development and/or economic production.
5. Evaluate environmental factors affecting animal performance and implement procedures for enhancing performance and animal health.
6. Classify, evaluate and select animals based on anatomical and physiological characteristics.
7. Apply principles of effective animal health care.
8. Participate in a co-curricular CTSO that provides a variety of ongoing school and community-based service projects to enhance leadership opportunities.

Notes:

- *Successful program of study completers will demonstrate their technical skills attainment through the CTE portfolio and state-approved technical assessment processes.*
- *EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.*
- *Students Certifications and CTE elective courses for all state-approved programs of study can be located in the Guidance Document of Policy 2520.13.*

Hospitality & Tourism Career Cluster™ (HO)

Restaurants & Food/ Beverage Services Career Pathway Standards

1. Describe ethical and legal responsibilities in food and beverage service facilities.
2. Demonstrate safety and sanitation procedures in food and beverage service facilities.
3. Use information from cultural and geographical studies to guide customer service decisions in food and beverage service facilities.
4. Demonstrate leadership qualities and collaboration with others.
5. Research costs, pricing, market demands and marketing strategies to manage profitability in food and beverage service facilities.
6. Explain the benefits of the use of computerized systems to manage food service operations and guest service.
7. Utilize technical resources for food services and beverage operations to update or enhance present practice.
8. Implement standard operating procedures related to food and beverage production and guest

service.

9. Describe career opportunities and qualifications in the restaurant and food service industry.
10. Apply listening, reading, writing and speaking skills to enhance operations and customer service in food and beverage service facilities.
11. Participate in a co-curricular CTSO that provides a variety of ongoing school and community-based service projects to enhance leadership opportunities.

Notes:

- *Successful completers will demonstrate their technical skills attainment through the CTE portfolio and state-approved technical assessment processes.*
- *EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.*
- *Students Certifications and CTE elective courses for all state-approved programs of study can be located in the Guidance Document of Policy 2520.13.*

Career Integrated Experiential Learning Career Pathway Standards	
<ol style="list-style-type: none"> 1. Develop skills and practices required for entry-level employment. 2. Demonstrate basic mathematical, reading, writing, critical and creative thinking, decision-making, and problem-solving skills to effectively perform entry-level career tasks. 3. Model positive work behaviors and personal qualities, including displaying a willingness to acquire new knowledge and skills, demonstrating integrity in a work situation, and indicating a willingness to follow rules and procedures. 4. Investigate interpersonal skills, including teamwork, conflict management, and problem solving. 5. CIEL pathway completers will not be considered state-approved completers for career-readiness accountability measures. 	
Notes:	
<ul style="list-style-type: none"> • <i>Successful completers will demonstrate their technical skills attainment through the CTE portfolio and state-approved technical assessment processes.</i> • <i>EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.</i> • <i>Students Certifications and CTE elective courses for all state-approved programs of study can be located in the Guidance Document of Policy 2520.13.</i> 	
WV CTE Program of Study:	WV5501 Career Integrated Experiential Learning (CIEL)
CTE Anchor Course(s):	<p>To be a CIEL completer, the personalized program of study must contain, at minimum, one Anchor course outlined in the sixteen nationally recognized career clusters listed within this policy.</p> <p>An Anchor course may be a REQUIRED COURSE or a SPECIALIZATION COURSE that is provided as part of the county's state-approved standards.</p>
CIEL Courses:	<p><i>To be a CIEL completer, the program of study may not include more than three of the following courses:</i></p> <p> 0522 Ready to Work 1 0524 Ready to Work 2 0523 Entrepreneurial Preparedness 0520 Work-Based Integration and Transition 1 </p>

Individual Work Ready Competencies Career Pathway

1. The **IWRC** pathway is designed to provide some students with an IEP who are pursuing a standard high school diploma the opportunity to gain work readiness and occupation ready skills related to their desired CTE career programs of study during high school.
2. An IWRC student must enroll in the four required CTE program of study courses as detailed in this policy and plan to enter the workforce directly after high school with on-the-job-training, apprenticeship or continued technical training as an adult.
Prerequisites: Before selecting IWRC, students must have initially selected a state-approved CTE program of study option, passed ALL safety exams with a 100%, demonstrated the ability to acquire basic/core CTE skills at an entry level, and were unable to master ALL of the required skill sets associated with their chosen state-approved CTE program of study.
3. The Personalized Education Plan (PEP) and the student's IEP must be updated to reflect the change from state-approved CTE program of study to state-approved IWRC.
4. The IEP for the student describes any specially designed instruction, support or accommodations necessary for student success.
5. Students enrolled in the IWRC pathway must master the agreed upon CTE skill sets within the state-approved WVDE program of study in order to be counted as a CTE completer. IWRC pathway completers will not be considered State-Approved Completers for Career Readiness accountability measures.

Notes:

- *IWRC is an option for ALL state-approved CTE programs of study.*
- *Successful completers will demonstrate their technical skills attainment through the CTE portfolio and state-approved technical assessment processes.*
- *EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.*
- *CTE staff must be represented at students'-IEP Team meetings when the student is a prospective CTE participant.*
- *CTE elective courses for all state-approved programs of study can be located in the Guidance Document of the Policy 2520.13.*
- *CTE instructors must confirm that they have read the most recent IEP in order to document awareness of students' needs.*

WV CTE Program of Study:	WV5502 Individual Work Ready Competencies (IWRC)
IWRC Program Requirements:	Eligibility for participation in IWRC will be based on the following: <ul style="list-style-type: none"> • Students shall have a current IEP and be pursuing a standard diploma • Students shall be provided accommodations and/or supports as indicated in the IEP • Students must pass ALL safety exams with a score of 100% • Student is unable to master ALL required skill sets of the CTE program of study
Program Evaluation:	<ul style="list-style-type: none"> • <i>The student will follow the state-approved CTE program of study, as well as all specialized courses associated with the program that is available at their local CTE center, comprehensive high school, high school or multi-county center.</i> • <i>The student will follow the IWRC skill sets established.</i>

	<ul style="list-style-type: none"> <i>The student will complete the appropriate technical assessment for the CTE program of study and the CTE portfolio with accommodations or supports as indicated in the IEP.</i>
Recommended Student Certification(s):	The IWRC student will be eligible to test for all industry certifications upon meeting qualifications.

Career Technical Education: Foundational Standards and Courses

CTE Foundational Course Standards	
<ol style="list-style-type: none"> Students understand the academic content required for entry into postsecondary education and/or the workforce. Students understand the principles of effective oral, written and multimedia communication in a variety of formats and contexts. Students understand how to make effective decisions, use career information and manage personal career plans: <ol style="list-style-type: none"> explore job qualifications, interests, aptitudes, information and skills necessary to succeed in a career; understand the scope of career opportunities and the requirements for education, training and licensure within a career; develop a career plan that is designed to reflect career interests, pathways and postsecondary possibilities; explore strategies for self-promotion in the interviewing process, such as job applications, résumé writing, interviewing skills and preparation of a portfolio. Students utilize career-planning concepts, tools and strategies to explore, obtain and/or develop a career. Students understand the use of technological resources as they apply to career preparedness. Students understand how to develop alternate solutions by integrating critical and creative thinking skills, such as logical reasoning, analytical thinking and problem-solving techniques. Students demonstrate the proper behaviors associated with workplace etiquette and business processes. Students understand effective leadership styles, key concepts of group dynamics, team and individual decision-making, the benefits of workforce diversity and conflict resolution. 	
Notes: <ul style="list-style-type: none"> <i>EVERY student must pass ALL safety exams with a score of 100% before having access to available equipment.</i> <i>Student Certifications for all state-approved programs of study can be located in the Guidance Document of Policy 2520.13.</i> 	
The following courses are foundational and are considered non-occupational:	
0290	Exploration in Agriculture (5-8)
0295	Exploring Business, Marketing and Entrepreneurship (5-8)
0700	Exploring Health Professions (5-12)
0901	Life Connections (9-12)
0903	Parenting and Strong Families (8-12)
0922	Life Basics (5-8)
0929	Learning for Independence Family and Employment (9-12)
0941	Applied Design-Housing and Interior Design (9-12)
0954	Foundational Food Preparation (9-12)

0961	Applied Design-Fashion (9-12)
1404	Business Prep (5-8)
1441	Keyboarding (5-12)
1893	Gateway Automation and Robotics

7664	Touring West Virginia (5-12)

Advanced Career Education

Advanced Career Education (ACE)

1. All ACE students who enter career technical centers must have a high school diploma or High School Equivalency (HSE) diploma. Persons interested in CTE not possessing a high school diploma or a HSE diploma will be referred to an Adult Learning Center. An ACE student must obtain a diploma or HSE prior to enrollment.
2. All ACE students who enter career technical centers should be assessed prior to enrollment. Pre-assessment requirements will be determined by the institution.
3. The enrollment process for ACE students shall include full disclosure of:
 - exact program of study title and course plan of study/course sequence;
 - number of clock/credit hours of instruction to be provided;
 - tuition, fees and other program costs;
 - course skills sets and instructional outcomes;
 - national certifications/credentials to be earned with disclosure of any waiting periods or work requirements to sit for the exam;
 - articulation agreements available;
 - student performance expectations and graduation requirements; and
 - admission and academic requirements for enrollment.
4. ACE programs of study that are designed to lead to a completion certificate, credential and/or career must be submitted to the WVDE for approval, regardless of funding source.
5. The institution shall maintain records, which include student attendance, grades and academic progress.
6. The institution shall maintain appropriate written policies, procedures and plans in accordance to their accrediting agency.
7. The institution shall be responsible for submitting all state, federal, and accreditation reports, including, but not limited to:
 - Enrollment;

- Periods of Enrollment;
 - Awarded Certifications/Credentials;
 - Graduates/Completers;
 - Community Partnerships;
 - Advisory Council Members; and
 - Tuition and additional fees.
8. Local education agency personnel shall offer ACE training programs in viable occupational areas and work closely with local business and industry to provide high quality training and retraining programs for employees.
 9. CTE centers are encouraged to participate in additional postsecondary articulation agreements with community colleges and universities.
 10. CTE center shall establish an institutional advisory council to provide advice on current workforce needs and the relevancy of programs being offered at the school. Such an advisory council shall be composed of members of the general public, and shall include representatives of business, industry, and labor. In addition, individual advisory committees with representatives of business, industry, and labor are established for each CTE program pathway offered within the institution. Advisory meetings are required to take place a minimum of two times during the school year.
 11. CTE centers may be accredited by an agency recognized by the ED.
 12. CTE centers may participate in financial aid programs.
 13. CTE centers shall offer assessment, remediation, counseling and placement services as components of ACE programs of study.

Funding Sources

1. The WVBE will fund ACE programs of study up to levels of funding available from state and federal sources.
2. CTE centers may charge tuition and fees for educational services provided by the institution. "The board of education of any county shall have authority to provide classes and programs for adult education and to charge tuition for members of such classes and/or programs, such tuitions not to exceed in any case the actual cost of operation of such classes and/or programs." W. Va. Code §18-5-19b.
3. Tuition that is received for ACE programs of study shall be used to start new classes and maintain currently established classes. "Any funds accruing from such tuition shall be credited to adult education in the current expense fund of the county board of education and reported each year as of June thirtieth in the manner required for other financial reports of the board." W. Va. Code §18-5-19b.
4. As described in W. Va. Code §18-9A-2, counties will receive funding through school state aid formula monies for adult students enrolled in secondary career technical programs of study.
5. All West Virginia adults qualify for technical training except under the following circumstance:
 - a) Adults who obtain financial assistance from any federal or state financial aid program, while enrolled under the school aid formula through W. Va. Code §18-9A-2, immediately become ineligible under the school aid formula and are responsible for full payment of tuition and fees.

WV ACE Program of Study:	HO9401 Culinary Arts (ACE)
Program Required Courses:	9161A Culinary Arts 1 9162A Culinary Arts 2 9163A Culinary Arts 3 9164A Culinary Arts 4 9165A Culinary Arts 5 9166A Culinary Arts 6 9167A Culinary Arts 7 9168A Culinary Arts 8 9169A Culinary Arts 9
Recommended Electives:	9011A Work-Based Integration & Transition

Human Services Career Cluster™ (HU)

WV ACE Program of Study:	HU9501 Barbering Apprenticeship (ACE)
Program Required Courses:	9171A Barbering Apprenticeship 1 9172A Barbering Apprenticeship 2 9173A Barbering Apprenticeship 3 9174A Barbering Apprenticeship 4
Recommended Electives:	9175A Barbering Apprenticeship 5 9176A Barbering Apprenticeship 6 9177A Barbering Apprenticeship 7 9178A Barbering Apprenticeship 8 9179A Barbering Apprenticeship 9

126CSR44M

	9180A Barbering Apprenticeship 10 9181A Barbering Apprenticeship 11 9182A Barbering Apprenticeship 12 9183A Barbering Apprenticeship 13 9184A Barbering Apprenticeship 14 9185A Barbering Apprenticeship 15 9186A Barbering Apprenticeship 16 9187A Barbering Apprenticeship 17 9188A Barbering Apprenticeship 18 9189A Barbering Apprenticeship 19 9011A Work-Based Integration & Transition
WV CTE Program of Study:	HU9505 Cosmetology (ACE)
Program Required Courses:	9193A Barbering and Cosmetology Foundations
Specializations:	Aesthetics 9196A Skin Sciences I 9195A Aesthetics Science 9194A General Aesthetics I Nail Technology 9190A Nail Technology Science and Procedure 9191A Art of Nail Technology 9192A Nail Technology Clinical Experience Hair Stylist 9198A Cosmetology Professional I 9199A Cosmetology Professional II 9200A Cosmetology Professional Advanced
Advanced Specialization Courses:	<i>Select the four courses listed below to complete the Minimum Requirements for Hair Stylist by the Board of Barbers and Cosmetologists:</i> 9201A Cosmetology Science I 9202A Cosmetology Science II 9203A Cosmetology Chemical I 9204A Cosmetology Chemicals II
	<i>Select the course listed below to complete the Minimum Requirements for Aesthetics by the Board of Barbers and Cosmetologists:</i> 9197A General Aesthetics II
Recommended Electives:	9011A Work-Based Integration & Transition

Information Technology Career Cluster™ (IT)

WV ACE Program of Study:	IT9901 CISCO Networking Academies (ACE)
Program Required Courses:	9261A CCNET 1 9262A CCNET 2 9263A CCNET 3 9264A CCNET 4
Recommended Electives:	9265A Computer Operating Systems 9266A Security+

126CSR44M

	9267A Wireless Network Essentials 9268A CySA+
WV ACE Program of Study:	IT9902 Computer Systems Repair Technology (ACE)
Program Required Courses:	9269A COMPTIA A+ 220-901 9270A COMPTIA A+ 220-902 9271A Networking+ 9272A Fundamentals of Computer Systems
Recommended Electives:	9273A Linux Essentials 9274A Server+ 9266A Security+ 9268A CySA+ 9275A Cloud+
WV ACE Program of Study:	IT9903 Coding, App and Game Design (ACE)
Program Required Courses:	9276A Coding, App and Game Design I 9061A Digital Imaging/Multimedia I 9277A Coding, App and Game Design II 9278A Webpage Publishing
Recommended Electives:	9279A Digital Imaging/Multimedia II 9011A Work-Based Integration & Transition

Law, Public Safety, Corrections & Security Career Cluster™ (LA)

WV ACE Program of Study:	LA9601 Emergency and Firefighting Management Services (ACE)
Program Required Courses:	9205A Fire Fighting I 9206A Fire Fighting II (+Specialization)
Specialization Courses:	Industrial Fire safety 9207A Industrial Incident Command 9208A Industrial Hazardous Material or Emergency Management 9209A Emergency Services 1 9210A Emergency Services 2 9211A Fire Science Technology
Recommended Electives:	9209A Emergency Services 1 9212A Strategic Security and Protection 9211A Fire Science Technology 9213A Telecommunicator 9214A Auto Extrication 9215A Driver/Pump Operator 9216A Fitness/Conditioning Activities 9011A Work-Based Integration & Transition
WV ACE Program of Study:	LA9602 Legal Office (ACE)
Program Required Courses:	9055A Business Computer Applications I 9217A Computerized Legal Office Software 9058A Business Communications 9218A Business Law & Ethics

126CSR44M

WV ACE Program of Study:	LA9603 Paralegal Assistant (ACE)
Program Required Courses:	9219A Introduction to the Court Systems/Legal Procedure 9220A Paralegal Skills 9056A Business Computer Applications II 9217A Computerized Legal Office Software
Recommended Electives:	9190A Business Law & Ethics 9191A Work-Based Integration & Transition

Manufacturing Career Cluster™ (MA)

WV ACE Program of Study:	MA9701 Electromechanical Technology (ACE)
Program Required Courses:	9221A Fundamentals of Electricity 9006A Industrial & Commercial Wiring 9008A National Electrical Code 9009A Residential Wiring 9222A Electrical Maintenance 9223A Fundamentals of Industrial Equipment Maintenance 9224A Hydraulics & Pneumatic Systems
Recommended Electives:	9010A Rotating Devices and Control Circuitry 9011A Work-Based Integration & Transition
WV ACE Program of Study:	MA9702 Cabling Technology (ACE)
Program Required Courses:	9225A Cabling Technology
Recommended Electives:	9011A Work-Based Integration & Transition
WV ACE Program of Study:	MA9703 Machine Tool Technology (ACE)
Program Required Courses:	9226A Fundamentals of Machine Tool Technology 9227A Fundamentals of Machine Process 9228A Machine Tool Operations 9229A Metal Trades Processes and Applications
Recommended Electives:	9230A Engine Machining 9231A Machine Tool Technology 9232A Integrated Machine Processes 9233A Machining Processes & Applications 9234A CNC Machining 9011A Work-Based Integration & Transition
WV ACE Program of Study:	MA9704 Welding (ACE)
Program Required Courses:	9235A Welding I 9236A Welding II 9237A Welding III 9238A Welding IV
Recommended Electives:	9239A Ornamental Welding 9240A Blueprint Reading and Metallurgy 9241A Gas Metal Arc Welding 9242A Gas Tungsten Arc Welding 9011A Work-Based Integration & Transition

Transportation, Distribution & Logistics Career Cluster™ (TR)

WV ACE Program of Study:	TR9801 Automotive Technology (ACE)
Program Required Courses:	9243A Automotive Technology MLR-1 9244A Automotive Technology MLR-3 9245A Automotive Technology MLR-4 9246A Automotive Technology MLR-2
Recommended Electives:	9247A Alternative Fuels 9248A Automotive Technology AST-4 9249A Automotive Technology AST-1 9250A Automotive Technology AST-2 9251A Automotive Technology AST-3 9011A Work-Based Integration & Transition
WV ACE Program of Study:	TR9802 Diesel Equipment Technology (ACE)
Program Required Courses:	9252A Electronic Engine Controls 9253A Diesel Engine Components 9254A Diesel Support Systems 9255A Fundamentals of Diesel Equipment Technology
Recommended Electives:	9244A Brakes 9243A Automotive Technology MLR-1 9245A Automotive Technology MLR-4 9256A Diesel Equipment Electrical Systems 9257A Diesel Engine Tune Up and Trouble Shooting 9258A Diesel Preventative Maintenance and Inspection 9259A Diesel Truck Chassis Concepts 9011A Work-Based Integration & Transition
WV ACE Program of Study:	TR9803 Truck Driving (ACE)
Program Required Courses:	9260A Truck Driver Training I
	9283A Truck Driver Training II
Recommended Electives:	9011A Work-Based Integration & Transition
